

# Important Notice

for Customers of  
Car Rental Companies  
Regarding Tolls  
on the M50.

A **Barrier-Free Tolling** system operates on Dublin's **M50** Motorway.

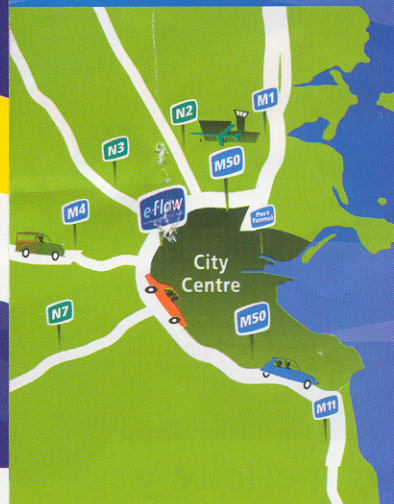

Keep it Going → Keep it eFlowing

## A **Barrier-Free Tolling** system operates on Dublin's **M50** Motorway.

Drivers of all vehicles using the section of the M50 between Junction 6 (N3 Blanchardstown) and Junction 7 (N4 Lucan) are liable to pay a toll.

There is no toll barrier or tolling booth and therefore there is no cash payment facility available at the tolling point on the M50.

The car rental company has established account facilities with the toll operator, therefore the toll account will be automatically charged to a car rental company's account for each toll incurred.

Schedule of toll charges for pre-registered accounts:

Cars: €2.50

Commercial vehicles and passenger vehicles with seating for more than 8 people: Between €3.20 and €5.50

The total amount of tolls plus any administration fee will be recharged by the car rental company to its customer.

*Please note cash payment facilities are available at tolling booths on all other toll roads in Ireland. All tolls applicable from January 1st 2009.*
